

At last, something from BigginHillReunited that is not about someone dying!!!

Many of you may know that the licencing laws in the UK are changing quite substantially. As a result, our airfield meeting place - Pilots Pals Bar, run by Joe Merchant - has to be much tougher on who it allows in! Clearly, Joe doesn't want anyone who is currently involved in Aviation, or previously was involved in Aviation and/or Biggin Hill to ever be stopped coming in. The club now HAS to ensure that everyone using it is formally a member!

To make it easier, so that everyone who is on our database can use the club at any time to meet friends, Joe has asked me to help get the membership form to everyone on the database so that you can all become members. Membership to anyone who is on the BigginHillReunited database is automatically FREE, but it is necessary for Joe to have a membership form on file.

Can I please therefore ask you to complete the form that is attached to this email as soon as you can, and post it back to Joe at the address on the form. Please do it while it is fresh in your mind, rather than waiting until you might want to come down to the bar to meet someone or visit the airfield. I stress it is FREE so no money should be sent, but, if you have a family who MAY ever want to come to the bar or the airfield (for an air show, for example), please circle the "FAMILY" membership, otherwise, just circle the "SINGLE" one.

Thanks for your help, and for helping Joe to become legal - hope to see you all in the bar when you can next make it.

Best regards
John Willis
Biggin Hill Users Database

PS. For those of you who are regulars at the bar, you may already have completed a membership form - if so, please ignore this email.
