

This email is being sent to all on the Biggin Hill Airport Reunion Database

It is my sad duty to pass on the news that Eric Hill (long term Biggin Hill'ite from the early days) passed away on Saturday 4th December 1999 aged 75. Eric and his wife, Alice, who both attended the 1998 Bump Reunion, had been ill since July and his condition latterly progressed to acute leukaemia. His son, Victor, said he was functioning with his customary energy until his last week before succumbing to his condition on Saturday.

For anyone who knew Eric and who may wish to get in touch with the family, please feel free to contact me for an address to write to. I will advise any interested parties of funeral arrangements if I am advised of them by the family.

John Willis
For the Biggin Hill Airport Database

PS. As not all ex Biggin Hill'ites have email facilities (and we are unable to send this notice out by post as well), I would appreciate if you could pass this message to anyone that you know will have known Eric.
