

Hi again

As promised, I show below the names of those people on the database whose emails are being bounced. In all probability they have changed email addresses and forgotten to let us know.

In order they can be kept informed of anything of interest at the airport, if you know the current email addresses for any of these named people, please let me know. If unsure, please make contact with them and ask them to let me have their up to date address by emailing [johnw@britishwebsearch.com](mailto:johnw@britishwebsearch.com) (this is a temporary address to avoid them getting caught up in my anti-spam system - once I have their address, I can pre-authorise them with the normal [bigginhillreunited.co.uk](mailto:bigginhillreunited.co.uk) email address for future use).

Thanks for your help.

regards  
John
