

Hi everyone

Just a brief mid-month email to advise anyone who may have known him that unfortunately another Biggin Hill character, George Hammond, who previously owned Cessna Aerobat G-ZOOL that was operated by Surrey and Kent, passed away recently following a battle with illness. Always a cheerful chap, with a love for aircraft and aviation, plus classic cars (especially the E type Jaguar, of which he had many shining examples, I am told), George will be missed by many current airport people.

I have been asked to inform airport database members of the funeral arrangements for anyone that may like to attend...

The funeral will be held at Croydon Crematorium at 11.15 am on Tuesday 21st October, followed by a gathering at The Warren, Met Police Sports Club, Croydon Road, Hayes, BR2 7AL from 1pm
